Four Vines Winery

The vision of the Four Vines project is to create powerful and stylish wines from the finest Zinfandel regions anywhere: Paso Robles, Sonoma, Napa and Amador.

Brief History of wine in the Paso Robles AVA

Grapes were first introduced into the Paso Robles area in 1797 by missionaries at Mission San Miguel Arcangel, where over one thousand vines were planted. Commercial wine growing, however, wasn't started until the 1880s with the establishment of Ascension Winery, today known as York Mountain Winery, the longest continuously operating winery in the County.

Since 1990, when there were fewer than 20 wineries in Paso Robles, a large expansion of activity has seen the number rise to more than 170 wineries by the early 2000s. Wine critic Robert M. Parker, Jr. commented on the region's promise of quality of wine, emphasizing the wineries Alban Vineyards, L'Aventure, Linne Calodo, Saxum Vineyards, Villa Creek Cellars and Tablas Creek Vineyard as the "leading Paso pioneers".
