

Welcome to
Paso Robles
Wine Country

Sylvester Winery

Time honored tradition, state of the art technology, harmony between plants and soil and a true passion for wine are the four major ingredients that make the wines from Sylvester Vineyards & Winery so special.

Brief History of wine in the Paso Robles AVA

Grapes were first introduced into the Paso Robles area in 1797 by missionaries at Mission San Miguel Arcangel, where over one thousand vines were planted. Commercial wine growing, however, wasn't started until the 1880s with the establishment of Ascension Winery, today known as York Mountain Winery, the longest continuously operating winery in the County.

Since 1990, when there were fewer than 20 wineries in Paso Robles, a large expansion of activity has seen the number rise to more than 170 wineries by the early 2000s. Wine critic Robert M. Parker, Jr. commented on the region's promise of quality of wine, emphasizing the wineries Alban Vineyards, L'Aventure, Linne Calodo, Saxum Vineyards, Villa Creek Cellars and Tablas Creek Vineyard as the "leading Paso pioneers".

Sylvester Winery is a great winery to visit. Make sure you look up Sylvester Winery address and driving directions online at VineCentral.com. When you are at Sylvester Winery tell them Vine Central sent you.
